

What is the best country in incomes ?

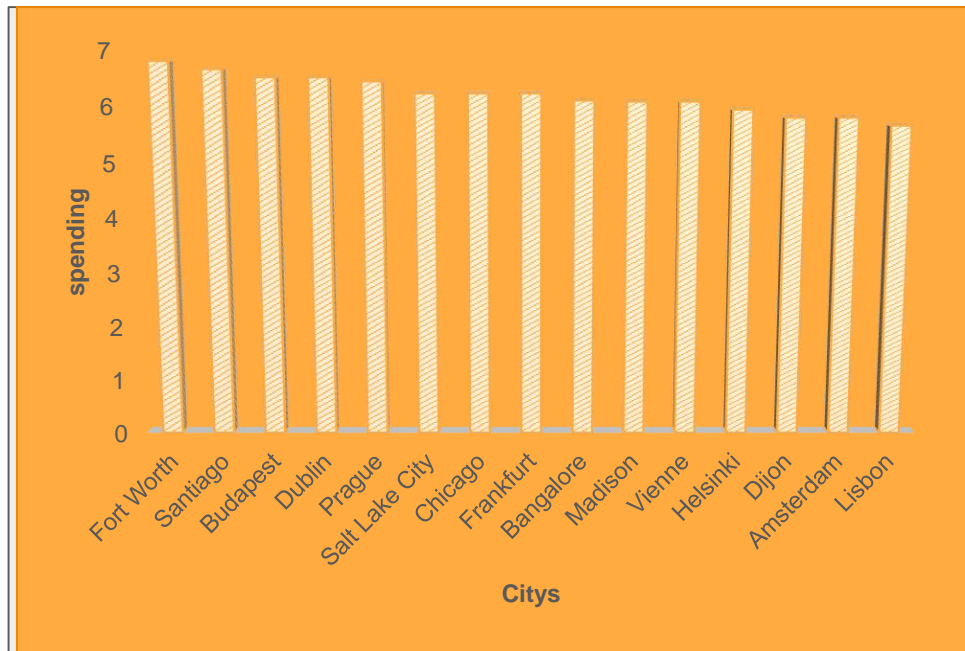

Here is the visualization for the best countries income

in the first place the usa is clearly in the top , then Canada in the 2nd place , after Canada France with 195.1 will be at the 3rd place and so on

This visualization shows the best 10 countries income

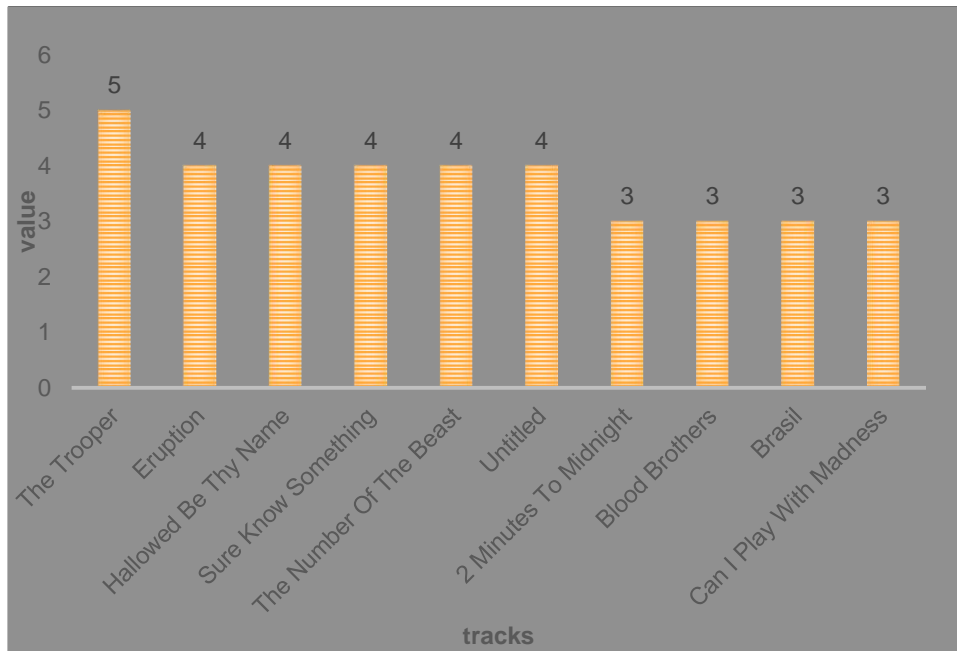

WHAT IS THE AVERAGE SPENDING OF THE TOP CUSTOMER'S CITIES

Here is the visualization of the top average spending city's , they are close to each others but a little different can make a big change ! , the top city is Fort Worth with 6.80 , then there is Santiago in the 2nd place with 6.66 , Budapest and Dublin are exact the same average Also the 3 city's after them !

Overall the averages is close to each other

the top 10 tracks best selling

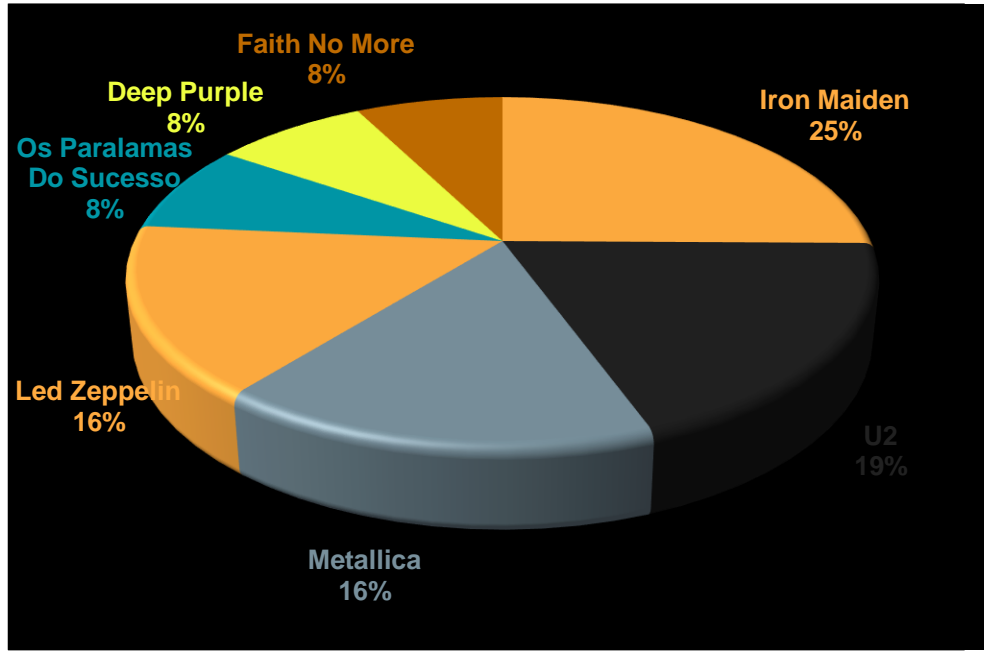

the top 10 tracks best selling

In the 1st place The Trooper , the 5 tracks after that are equals (4) then also the 4 tracks after untitled track is equals with the value (3)

Maybe its not that clear in the visualization but the idea is the most important thing

The best selling artist by unit Price

Here is the visualization the artists by unit price

It shows that Iron Maiden with 25% is in the top (140 unit price) then there is U2 with 19% (107 unit Price) after this we have Metallica (91 unit price) Led Zeppelin (87 unit price) but they have the same percentage

*this graph contain the best 7 artists
